Registration Information
Registration includes all meeting materials, including a comprehensive meeting schedule, daily continental breakfasts and coffee breaks, welcome reception, Breakfast How-To Sessions, and Lunch How-To Sessions. Early registration is strongly suggested. There will be a $50 late fee on registrations received after January 28, 2008.

No refunds will be given for requests received on or after January 28, 2008.

Internet
Register online using your credit card at: http://www.asfnr.org

Mail your registration form, along with your credit card number and signature, to:
American Society of Functional Neuroradiology
c/o AAFP
5620 West Sligh Avenue
Tampa, Florida 33634-4490

Fax your registration form, along with your credit card number and signature, to: (800)338-5901

Phone
(800)338-5901 (toll-free, U.S. & Canada) or (813)338-5900

Easy Ways To Register

We Accept:
- MasterCard
- VISA
- NOVUS/Discover Card
- American Express

Target Audience
This CME activity is intended to educate neuroradiologists, neuronomists, neurologists, neuropsychologists, cognitive neuroscientists and MR technologists as well as fellows, residents, and practicing physicians in these fields.

Educational Objectives
This program has been submitted to the American Society of Radiologic Technologists for continuing education credit. This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Educational Symposia and the American Society of Functional Neuroradiology. Educational Symposia is accredited by the ACCME to provide continuing medical education for physicians.

American Society of Functional Neuroradiology designates this educational activity for a maximum of 15 AMA PRA Category 1 CreditsTM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

To submit a Scientific Poster before the December 20, 2007 deadline, visit
www.asfnr.org
About the Meeting
The American Society of Functional Neuroradiology is proud to present its 2nd Annual Meeting. There is a strong commitment to make this meeting very dynamic and practical. A series of focus sessions with distinguished lecturers, panel discussions, and “How-To” sessions by nationally recognized experts will cover a broad range of cutting-edge topics in functional neuroradiology, including functional brain mapping, diffusion tensor, perfusion, neurovascular, and electrophysiology imaging. Details on physical principles, techniques as well as clinical applications of these outside-of-the-ordinary and emerging technologies will be discussed along with practical suggestions for implementation in a clinical practice setting.

Target Audience
This CME activity is intended to educate neuroradiologists, neuroradiologists-in-training, neuroradiologic researchers, neuroradiologic technologists, medical students and residents in neuroradiology, as well as fellows, residents, and practicing physicians in these fields.

Scientific Sponsor
Educational Symposia

Accreditation
Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Educational Symposia and the American Society of Functional Neuroradiology. Educational Symposia is accredited by the ACCME for providing continuing medical education for physicians.

Educational Objectives
This CME activity is intended to educate neuroradiologists, neuroradiologists-in-training, neuroradiologic researchers, neuroradiologic technologists, medical students and residents in neuroradiology, as well as fellows, residents, and practicing physicians in these fields.

American Society of Functional Neuroradiology
2nd Annual Meeting of the American Society of Functional Neuroradiology
February 27 - 29, 2008
Rosen Shingle Creek
Orlando, Florida

Educational Objectives
This CME activity is intended to educate neuroradiologists, neurosurgeons, neurologists, neuroscientists, and clinicians in the use of advanced functional and physiological imaging techniques, including functional neuroradiology, including functional brain mapping, diffusion tensor, perfusion, neurovascular and electrophysiological imaging. Topics on physical principles, techniques as well as clinical applications of these various specialties and emerging technologies will be discussed along with practical suggestions for implementation in a clinical practice setting.

Target Audience
This CME activity is intended to educate neuroradiologists, neurosurgeons, neurologists, neuroscientists, and clinicians in the use of advanced functional and physiological imaging techniques, including functional neuroradiology, including functional brain mapping, diffusion tensor, perfusion, neurovascular and electrophysiological imaging.

Attendees should, at the completion of this educational activity, be able to:

• Discuss how to effectively integrate such techniques into clinical practice with an awareness of pertinent economic issues.
• Describe the underlying physical basis of advanced functional and physiological imaging techniques such as fMRI, DTI, Positron Emission Tomography, and single-photon emission computed tomography (SPECT), and other techniques.
• Become familiar with the clinical applications and limitations of advanced functional and physiological imaging techniques.

PROGRAM

Saturday, December 20, 2008
5:00 – 6:30 P.M. Registration
Wednesday, February 27, 2008
7:00 – 7:30 A.M. Continental Breakfast for Registrants
2:05 Opening Session
2:05 – 2:45 The Future of Functional Neuroimaging: An Assay of a Paradigm
Co-sponsored by Invivo Corporation
2:45 – 3:00 Welcome Reception
3:00 – 3:30 Coffee Break for Registrants
3:30 – 4:15 Functional And Structural Brain Mapping
Moderator: Timothy P. L. Roberts, Ph.D.
3:30 – 3:45 Functional Imaging and Movement Disorders
Jay J. Pillai, M.D.
3:45 – 4:00 fMRI in Tinnitus: An Instructive Case
Andrei I. Holodny, M.D.
4:00 – 4:15 Functional Imaging as a Tool for Mapping Seizure Foci: Advantages Over fMRI
Deborah Zarnow, M.D.
4:15 – 4:30 Magnetic Resonance Spectroscopy and Chemical Brain Imaging
Jeffrey R. Petrella, M.D.
4:30 – 4:45 1H MRSI: Central Nuclei and Lesion Characterization
Jeff Horst, C.M.R.
4:45 – 5:00 Close Box Break for Registrants
5:00 – 6:00 Welcome Dinner and Social Hour
Home of Champions
Welcome Dinner Table Sponsorship: Invivo Corporation
ASFN08

PROGRAM

FRIDAY, FEBRUARY 28, 2008

8:25 – 8:55 A.M. Continental Breakfast For Registrants

9:00 A.M. – 10:00 A.M. General Session – Forecastering the Future of Functional Imaging:
1.00 – 1.30 P.M. Lunch On Your Own

10:00 A.M. – 10:30 A.M. Coffee Break For Registrants

10:30 A.M. – 11:00 A.M. Diffusion Imaging and Tractography
11:00 A.M. – 12:10 P.M. MEG for Pre-surgical Planning and Localization
12:10 P.M. – 1:30 P.M. Lunch For Registrants

1:30 P.M. – 2:30 P.M. Diffusion Tensor Imaging
2:30 P.M. – 3:00 P.M. Assessment of Seizure Foci: Advantages Over fMRI
2:30 P.M. – 3:00 P.M. Physical Principles of MEG
3:00 P.M. – 3:30 P.M. Functional Imaging: Pearls and Pitfalls
3:30 P.M. – 3:45 P.M. Opening Remarks

THURSDAY, FEBRUARY 27, 2008

7:30 – 8:25 A.M. Continental Breakfast For Registrants

8:25 A.M. – 9:00 A.M. General Session – The Neurosurgeon’s Perspective
9:00 A.M. – 10:00 A.M. Diffusion Imaging and Tractography
10:00 A.M. – 10:30 A.M. Coffee Break For Registrants

10:30 A.M. – 11:00 A.M. Diffusion Tracking for the Surgical Planning and Other Applications: Fundamental Concepts and Her Challenges
11:00 A.M. – 12:00 P.M. Diffusion Imaging in Radiology and Traumatology
12:00 P.M. – 1:30 P.M. Lunch For Registrants

1:30 P.M. – 2:30 P.M. Diffusion Tensor Imaging
2:30 P.M. – 3:00 P.M. Assessment of Seizure Foci: Advantages Over fMRI
2:30 P.M. – 3:00 P.M. Physical Principles of MEG
3:00 P.M. – 3:30 P.M. Functional Imaging: Pearls and Pitfalls
3:30 P.M. – 3:45 P.M. Opening Remarks

2:00 P.M. – 2:30 P.M. Standardization and Guidelines Panel Discussion
2:30 P.M. – 3:00 P.M. Functional Imaging: Pearls and Pitfalls

WEDNESDAY, FEBRUARY 26, 2008

6:00 – 6:30 P.M. Registration

7:00 P.M. – 8:00 P.M. Welcome Reception

SUNDAY, MARCH 2, 2008

8:30 A.M. – 8:45 A.M. Continental Breakfast For Registrants

8:45 A.M. – 9:15 A.M. Breakout Session: “How To Train” Sponsored by GI Healthcare Technologies
9:15 A.M. – 10:00 A.M. Breakout Session: “How To Train” Sponsored by GI Healthcare Technologies
10:00 A.M. – 10:15 A.M. Coffee Break For Registrants

10:15 A.M. – 11:30 A.M. Breakout Session: “How To Train” Sponsored by GI Healthcare Technologies
11:30 A.M. – 12:30 P.M. Breakout Session: “How To Train” Sponsored by GI Healthcare Technologies
12:30 P.M. – 1:00 P.M. Lunch Break For Registrants

1:00 P.M. – 2:15 P.M. Breakout Session: “How To Train” Sponsored by GI Healthcare Technologies
2:15 P.M. – 3:00 P.M. Breakout Session: “How To Train” Sponsored by GI Healthcare Technologies
3:00 P.M. – 4:00 P.M. Breakout Session: “How To Train” Sponsored by GI Healthcare Technologies
4:00 P.M. – 4:15 P.M. Closing Remarks

FEE

Full Meeting Registration: $525

American Society of Functional Neuroradiology Members: $350

Full Meeting Registration and 2008 Annual Meeting of the American Society of Functional Neuroradiology to qualify for special discounted group room rates! Rates cannot be changed at check-in or check-out for guests who fail to identify their affiliation at the time the reservation is made.

Thank you for your room online at: www.asfnr.org

If you plan to register at a Meeting of the American Society of Functional Neuroradiology, please note the following:

Visit www.asfnr.org for additional information on the meeting and online registration.

Make your reservations as soon as possible so our room block will sell out prior to the cut-off date of January 26, 2008. After this date, reservations will be accepted at the discretion of the hotel, on a space and rate available basis.

Check Enclosed
Charge to Visa or Discover the 3 digit code will be found on the back of your card in the space provided for your signature (it will be the last 3 digits)

Payable to: ASFNR

Suitable for: University of Florida
